A	32	Inserted between 25 and 26.	

1. The first part of the report is devoted to a general description of the project and its objectives. It also includes a brief review of the literature on the subject.

2. The second part of the report describes the methodology used in the study. This includes a detailed description of the experimental design, the subjects, the materials, and the procedures.

3. The third part of the report presents the results of the study. This includes a description of the data collected, the statistical analysis, and the conclusions drawn from the results.

4. The fourth part of the report discusses the implications of the findings and suggests directions for future research. It also includes a summary of the main points of the report.

5. The fifth part of the report is a conclusion. It summarizes the main findings of the study and provides a final assessment of the project.

6. The sixth part of the report is a bibliography. It lists all the sources used in the study.

7. The seventh part of the report is an appendix. It contains supplementary material that is not included in the main text of the report.

8. The eighth part of the report is a list of figures. It provides a brief description of each figure and its location in the report.

9. The ninth part of the report is a list of tables. It provides a brief description of each table and its location in the report.

10. The tenth part of the report is a list of references. It lists all the sources used in the study.

11. The eleventh part of the report is a list of acknowledgments. It acknowledges the contributions of all those who helped in the study.

12. The twelfth part of the report is a list of appendices. It lists all the supplementary material included in the report.

13. The thirteenth part of the report is a list of figures. It provides a brief description of each figure and its location in the report.

14. The fourteenth part of the report is a list of tables. It provides a brief description of each table and its location in the report.

15. The fifteenth part of the report is a list of references. It lists all the sources used in the study.

16. The sixteenth part of the report is a list of acknowledgments. It acknowledges the contributions of all those who helped in the study.

17. The seventeenth part of the report is a list of appendices. It lists all the supplementary material included in the report.

18. The eighteenth part of the report is a list of figures. It provides a brief description of each figure and its location in the report.

19. The nineteenth part of the report is a list of tables. It provides a brief description of each table and its location in the report.

20. The twentieth part of the report is a list of references. It lists all the sources used in the study.
